SOUSA AND BAND AT GOODWYN ON FRIDAY

John Philip Sousa and his famous band will regale Memphis with music in two concerts Friday at Goodwyn Institute. The demand for seats indicates that the master leader and march king still has wide range of popularity. Demand is chiefly for the night concert, but the program for the matinee is equally as attractive and the capacity of the Goodwyn will probably be taxed at both of them.

This is the 25th season Sousa has starred as leader of a band, and in that time he has perhaps won as much fame as any living musician. He is known all over the world, having taken four tours through Europe, while in 1911-12 he toured the globe.

With him are a number of soloists of excellent rank, but what the average listener wants to hear is the organization as a whole.

As a composer Sousa is known as the march king, but besides that sort of music he has written ten operas and a number of other works which have achieved international popularity.

At the local appearance the band will play a number of his new marches, most of them having their inspiration in events of the year. Some of the old favorites are also promised.

WAR SERVICES REWARDED WITH HONORS BY KING

LONDON, Jan. 1.—The New Year's day honor list, made public, contains many awards by the king for war services.

Baronage was conferred on Viscount Midleton, former secretary of state for India, known for his stand against peace with Germany until the Germans had made reparations for vandalism in France.

Sir Albert Stanley, once a resident of Detroit, Mich.; Sir George Riddell, who had charge of the British press interests at the peace conference, and Sir Bertrand Dawson, physician extraordinary to King George, were made barons.

Frederick Guest, treasurer of the king's household, who married Miss Amy Philips, an American girl, Charles J. Doherty and Arthur L. Sifton, Canadian representatives at the peace conference, and Sir William White, former Canadian minister of finance, were made privy councillors.

Among these created baronets was Hugh Cunliffe Owen, vice-chairman of the British-American Tobacco company.

LOVE FOR XMAS DOLL CAUSES DEATH OF BABY

NEW YORK, Jan. 1.—Love for a Christmas doll caused the drowning of a one-year-old baby in four inches of water in a pail during the voyage of the steamship Nieuw Amsterdam, which has arrived from Holland.

Mrs. Jan Pustus, who on her way to Des Moines, Ia., with her husband and family, bathed Jan. Jr., at his bedtime the day after Christmas and put him in his bunk with the doll. Santa Claus left when he toured the ship. Then the family went to dinner, leaving baby asleep. The bath pail was inadvertently left beside the bunk. Jan. Jr. awoke and started playing with Santa's gift. The doll was in the pail and Jan. Jr. reached for it. He fell head first into the pail. The water covered his face and he could not extricate himself. When the family returned from dinner he was dead.

The baby was buried the next day, his father cutting the rope which sent the little body into the sea. The passengers made up a purse of several hundred dollars for the family.

FARRAR FAMILY ALL EAT AT HOME AGAIN

STEPHENS, Ark., Jan. 1. (Sp.)—Mr. and Mrs. W. E. Farrar held a family reunion at their home here on Dec. 25, at which were present their children, eight in number, three sons and five daughters, as follows: John H. of Memphis, Tenn.; James M. of Marvel, Ark.; and F. H. of Stephens, Ark.; Mrs. Annie Jackson and Mrs. Rita Jackson, of Waldo, Ark.; Mrs. Susie Buffington, of Stephens, Ark.; Mrs. Stonnie Elizabeth Maxwell, of Memphis, Tenn.; and M. Lucy Donathan, of Little Rock, Ark.

This was the first time in 20 years the entire family had been present at the home table and when the parents took their seats of honor it marked the beginning of a gala event. Mr. and Mrs. Farrar were both members of prominent families of Columbia county, were married on Jan. 9, 1877, and all their children are living and were present on this occasion. No happier couple or family live in America.

AIRMAN TAKES DOCTOR TO ICEBOUND VICTIMS

HARRISBURG, Pa., Jan. 1.—An aviator from the Middletown, Pa., aviation reserve depot yesterday took a doctor by airplane to give medical aid to the family of John Praunmiller, farmer on Duffy's island, in the Susquehanna, cut off by ice from the shore. Word reached the depot that three children in the family were ill with pneumonia and when the machine, piloted by Lieut. Ray Brown, reached the farm on the island, it was found an infant had died Monday and two others were seriously ill. Two weeks ago the same aviator took a doctor over a river filled with ice, to Hill Island, where a boy had been hurt by a falling tree.

There are several islands in the Susquehanna near Middletown, which are farmed and in winter the families are sometimes cut off for days from communication with the shore.

PRINCE REPORTED AS KILLED, ALIVE IN PARIS

PARIS, Jan. 1.—Prince Regent Alexander of Serbia, who was reported in a Berlin dispatch to have been killed by an explosion, is in Paris and won. The whole story of his death, therefore, is without foundation.

ARRESTED FOR LEAK

NEWPORT NEWS, Va., Jan. 1. (Sp.)—Harry Rose, formerly a lieutenant in the United States army and superintendent of the government warehouses here, was arrested yesterday on charges of being connected with "leaks" from the government salvage department. He gave bond.

HARDWOOD WORTH \$71,000,000 YEARLY

The immensity of the hardwood lumber industry in Memphis is expressed in concrete terms in the new Chamber of Commerce booklet on the city's industrial and commercial resources and advantages, which is now being printed. An article in this booklet on "The Lumber Industry in Memphis" states that "28 mills in Memphis proper are producing annually 27,000,000 feet of hardwood lumber valued at approximately \$71,000,000."

"Forty-six mills outside of Memphis, but operated and financed by Memphis firms, produce 450,000,000 feet each year, having a value of \$35,000,000."

"This makes production by Memphis men and with Memphis capital, 720,000,000 feet, valued at \$55,000,000."

"In addition to the foregoing, Memphis firms, through yarding and wholesale processes, produce 230,000,000 feet annually, valued at \$16,000,000."

"Thus the hardwood lumber produced each year by Memphis firms in Memphis or outside the city, together with that yarded by Memphis lumber companies, reaches a grand total of \$55,000,000, 000 feet, having a value of \$71,000,000."

DOG TAXERS ARE BUSY AT JACKSON THESE DAYS

JACKSON, Tenn., Jan. 1. (Sp.)—Every person in Tennessee who owns or harbors a dog is required by a recent act of the legislature to pay an annual tax of \$2 on each female and \$1 on each male dog over six months of age in his possession. The 1935 tax certificates expire today and the 1936 tax is due tomorrow. These failing to comply with this law within a reasonable length of time will be subject to a fine of not less than \$10 nor more than \$50, as prescribed by law. The person harboring a dog is equally subject to the payment of the tax, as though the dog was his personal property.

Tax Assessor W. L. Bunnies urges the owners of dogs in Jackson and Madison county to comply with this law at once and thereby avoid a needless penalty. Due to the fact that the law was not passed until after the beginning of last year, the assessment of the 1935 dog tax could not be strictly made, it is stated, but it will be the policy of the tax officials to list every dog in the county this year. The owners of dogs who paid the tax for 1935 will be required to renew their certificates for the ensuing year as well as those who have not paid any previous tax on their dogs.

30 MORE WILLS FILED AT JACKSON THIS YEAR

JACKSON, Tenn., Jan. 1. (Sp.)—A total of 30 wills have been filed for probate in the office of the county clerk during the year 1935. A slight increase is shown over the number probated during the previous year, there being a total of 28 wills probated during 1934. A greater increase is shown by comparison with 1917, during which year there were 22 wills probated in this county.

The number of property holders dying intestate is continually increasing, the local authorities state, and the number of wills probated has not increased in a constant proportion. The law requires that all wills left by a deceased shall be probated.
